

DATE	Starting at noon or earlier: screening or project	13:00h	Presentation Absolute Max, 1.5 hours (but 60 minutes preferred)	Presentation Absolute Max, 1 hour	Presentation Usually a debate, planning session, game, or short presentation of about 30-45 minutes
19-Jan-2019			Elections, followed by Danny's Balderdash		Planning session
09-Feb-2019	Starts at NOON: Sci-Fi cinema presents Time Travel		Starts at 14:00 Sylvain: A Time Traveller's Survival Guide. Okay, whether by design or accident, you find yourself somewhere in the past or the future. What should you do to avoid killing your own grandfather? If you are stuck there, how do you even support yourself? A few tricks about not getting burned at the stake or erasing a whole timeline.		Starts at 15:30 Debate, various moderators Two teams are formed and argue, one for, the other against a given resolution presented by a moderator, who introduces several different aspects of the overall question for the debaters to consider, with the audience voting on which team best makes their case.
09-Mar-2019		Special Guest speakers David Shuman and Paul Simard present Mars in 3D. Glasses will be provided. Colonizing the Solar System. Despite all the promises, we are still not spending our weekends on the Moon. But we are slowly inching in the right direction! Will we see at least the nearest planets inhabited in our lifetime? Terraforming: Could we? Should we?		Sylvain: Space Law--If a Chinese citizen assaults a German on an American station while orbiting above Australia, which laws apply? Can anybody own another planet? Who is responsible for damage caused by a fallen satellite? We are getting to the point where those questions are no longer theoretical and need to be addressed.	
13-Apr-2019	Starts at NOON: Screening of an episode of Twilight Zone (either 2 of 30 min each or 1 of 60 min)		Starts at 13:00 Keith: The Dimension of the Imagination--Rod Serling's Twilight Zone		Sylvain: The Outer Limits, followed by screening of a 60 min episode.
