The man who admitted he voted the N3F slate

Lies, Damned Lies and Statistics

By Nic Farey, February 2026

The following is a complete voting breakdown of ballots submitted for the 2026 FAAn awards (for work first published in 2025).

54 ballots were received. No entire ballots were rejected for any reason. One vote in 'Special Publication' was rejected for being out of the qualifying year, as was one vote in 'Fanzine Cover'. One vote in 'Fanzine Cover' was rejected since it was for an *Octothorpe* title card.

Thanks to: All who participated, particularly those who also engaged in awareness efforts. **Very** special and inevitable thanks to **Bill Burns** for unstinting encouragement, solid advice and continued support both privately and via efanazines and corflu.org ; also thanks again to **David Langford**, **Bill Burns** and **Mark Plummer** for valuable contributions to the compilation of the 2025 listings.
